✓ Grimm, Tilemann - Tilemann Grimm is the smooth, personable, young head of the sinology Department at Bochum. Although he is not particularly impressive as a Sinologist, he was quite the organizer for the congress. One could not help but get the idea that, by having the 19th International Congress of Chinese Studies at Bochum, he was finally given the acknowledgement of being the head of the main center of German sinology. He showed no particular interest or knowledge of current events in China.
